1. This solicitation, DAAE20-00-R-0206 will result in a competitive award of a long term firm fixed price, 5 year IDIQ contract. (See FAR part 16.504). This contract will include five ordering periods. This action is restricted to small businesses. The Government intends to evaluate proposals and award a contract without discussions. (See referenced FAR clause 52.215-1)

2. The quantity ordering ranges, as shown below, and the pricing sheets at attachment 001, are provided solely for the purpose of establishing reasonable ranges of quantities against which to provide prices, and to establish ordering limitations (see clause 52.216-19, Order Limitations).

3. The quantity of 800 each is the only guaranteed minimum quantity to be awarded under this solicitation and specifically represents the "minimum quantity" as defined by and referenced in FAR and DFARS clauses contained within this solicitation document either in full text or by reference. This minimum quantity will be obligated at time of award.

4. The stated minimum ordering range quantity, other than the guaranteed minimum quantities stated in paragraph 3, are not guaranteed buy quantities. An award under this solicitation in no way obligates the Government to order beyond the guaranteed minimum quantity. Each order stands on its own insofar as it obligates the Government.

5. The estimated ordering quantities are set forth below. These quantities reflect the Government's best estimate of actual, projected requirements which may be ordered under this solicitation. This estimate is based on a combination of order history, actual orders on hand, and projected demand.

NOTICE TO OFFERORS - USE OF CLASS I OZONE-DEPLETING SUBSTANCES

JUL/1993

(a) In accordance with Section 326 of P.L. 102-484, the Government is prohibited from awarding any contract which includes a specification or standard that requires the use of a Class I ozone-depleting substance (ODS) identified in Section 602(a) of the Clean Air Act, 42 U.S.C. 7671a(a), or that can be met only through the use of such a substance unless such use has been approved, on an individual basis, by a senior acquisition official who determines that there is no suitable substitute available.

(b) To comply with this statute, the Government has conducted a best efforts screening of the specifications and standards associated with this acquisition to determine whether they contain any ODS requirements. To the extent that ODS requirements were revealed by this review they are identified in Section C with the disposition determined in each case.

(c) If offerors possess any special knowledge about any other ODSs required directly or indirectly at any level of contract performance, the U.S. Army would appreciate if such information was surfaced to the Contracting Officer for appropriate action. To preclude delay to the procurement, offerors should provide any information in accordance with FAR 52.214-6 or 52.215-14 as soon as possible after release of the solicitation and prior to the submission of offers to the extent practicable. It should be understood that there is no obligation on offerors to comply with this request and that no compensation can be provided for doing so.

SPI	MILITARY/FEDERAL SPEC/STANDARD	LOCATION OF FACILITY	ACO

(d) In the event an offeror does not identify any SPI in paragraph (b) above, the Government shall conclude that the bidder/quoter/offeror submits its bid/quote/proposal in accordance with the requirements of this solicitation.

(e) The price that is provided by the offeror in the Schedule in Section B will be considered as follows:

(f) Bidders/quoters/offerors are cautioned that there is always the possibility that the Government could make a determination at the Head of the Contracting (HCA)/Program Executive Officer (PEO) level that the proposed SPI is not acceptable for this procurement. If such a determination is made, and the bid/quote/offer only identifies a price predicated on use of proposed SPI, the bid/quote/offer will be determined nonresponsive. Bidders/quoters/offerors who propose SPI processes are encouraged to provide a price below to reflect their price for the item manufactured in accordance with the requirements as stated in this solicitation to preclude possibly being determined nonresponsive:
